GERMAN STORYTELLER VISIT BSK

The British School of Kuwait was delighted to welcome Katharina Ritter, a German Story Teller, to deliver a workshop on Fairy Tales to over 40 students of German.

Ritter began her career in the film industry, eventually developing her own unique way of making cinema. That is to say, through the medium of extemporaneous

storytelling. The workshop, organized under the aegis of the Goethe Institute as part of Ritter's tour of the Gulf Region, aimed to allow students to take pleasure in the spoken language of German.

Unaided by a script or props, Ritter captivated students by vividly performing Grimm fairy tales such as The Crumbs on the Table, Rumpelstiltskin and The

Fisherman and his Wife. The workshop was rounded off in a musical fashion with students and the Story Teller chanting together snippets of the fairy tales in German.

The British School of Kuwait is privileged to be a Partner School of the German Government and looks forward to further collaborations in 2016.
