AUK Library Services:

The AUK Library provides you with the necessary support to conduct research and find additional readings for your class work. Need to research but don't know where to start? Not sure how to find and use online resources (books, data, articles...etc.)? Not sure how to cite a source or develop a reference list? Ask a librarian! Research help is available through email, MS Teams, Zoom. Contact the library at: library@auk.edu.kw or go to <https://www.auk.edu.kw/academics/Library> to begin your search!

Course Policies/Student Responsibilities:

It is vital to both students and the professor that our classroom behavior is based on mutual respect. I value each student in my course and want you all to have the best possible learning experience. Therefore, disrespectful behavior will not be tolerated.

We will be using technology to learn and to communicate both online and in-person. However, class time is not for surfing your social media or other things unrelated to our course. Use your time in class wisely.

I expect all students who are participating online to have their cameras open and be visible during class. This helps the professor to connect to the students, get to know them, and to determine whether the lesson has been understood or not. Students with their cameras on are more actively engaged in the lesson and learn better.

Hybrid learning can be very challenging for everyone. To ensure that all students have an opportunity to participate, students need to raise their hands if they wish to speak during a lesson. Questions are encouraged.

Late and Missing Work Policy: to be arranged individually

Make-Up Work Policy: to be arranged individually

Communication Policy: to be arranged individually

When sending an email, please be sure to use your official AUK email account, write your full name, and indicate which class and section you are taking. If you have a question, please check the syllabus first, and if your question is not answered there, then please feel free to send an email.

Technology Issues:

All assignments must be submitted through Moodle. However, you may experience trouble submitting an assignment due to technology or internet issues. If such a situation does arise and you are unable to submit your assignment through Moodle, please send me an email, with evidence, to explain. Please make sure that you email me the assignment **before** the deadline as this documents that you did finish everything by the due date and time, but that you just had a technology issue. Once the technology or internet issue is resolved, please upload the assignment to Moodle. In general, always be sure to frequently save your files and keep backups of your assignments.
